

# EIT Hub Israel

An outreach location of the European Institute of Innovation and Technology

**About us:** EIT Health, Food, Urban Mobility and Climate-KIC joined together to establish an EIT Hub in Israel. The hub aims to create synergies between the EIT community and the Israeli innovation ecosystem to support the growth of innovative start ups and increase the number of EU-Israel and Cross KIC collaborative projects.

## Our programs:

European Startup Community Leaders;  
Highly selected professionals supporting start up growth

### Who?

European corporates ready to be disrupted

With the largest number of startups per capita in the world, Israel is an ideal learning grounds for managing innovation ecosystems.

### Why?

536 multinational companies engage in innovation activities in Israel, offering a diverse range of open innovation models.

The ESCL is a unique professional training platform offering:

- Access to the latest tools and best practices in supporting startup growth.
- Connections and network to foster cross KIC and Israeli value adding collaborations.

### What?

We offer a tailor made open innovation process, including:

- Needs assessments
- Scouting cutting edge technologies
- Matchmaking services
- Maximize your corporates capabilities and outcomes from engaging with the Israeli ecosystem.
